business.

From the desk of
Founder and CEO
Alok Kumar Agarwal

I would like to take this opportunity to express my heartfelt thanks to my team and my well-wishers for their active involvement, support and trust in me; without whom I would not have been successful in building ASC as a leading Consulting Group.

I take immense pleasure in saying that our team consists of experts from diverse fields. This expertise and experience helps us in addressing client issues with a unique and innovative approach which facilitates strategic business growth for our business partners.

Building on our strengths as a multi-dimensional consulting group which serves across industries, we at ASC believe in delivering economically viable solutions for complex financial and legal matters. We strive for customer satisfaction which is of utmost importance to us.

Founded as a CA firm, ASC now has many legal entities and service verticals operating from 11 offices (Delhi, Noida, Gurugram, Mumbai, Bengaluru, Pune, Chennai, Hyderabad, Canada, Singapore and Japan) and more than 80 associates throughout India. Our core strength is exhibited in our diverse team of more than 300 members.

Testimonial

"I would like to convey my heartfelt appreciation for the entire team at M/s ASC group during my latest professional experience with the firm. I am truly delighted with the client experience, the team @ASC delivered to me..! Honestly, I am not able to choose from whether I am more impressed with the professional expertise, an awesome customer service or a combination of both...!! I am not sure whether you have a "Wall of fame" in your office for customer appreciations like these but I am certainly going to use this as a case study in my own training sessions to my teams on Operational excellence & Customer experience. My sincere wishes to ASC group for many more success in future. In my own limited professional experience of 23 years, I strongly believe you guys have the capability to not only become the leading professional firm in the country but globally."
